FOREWORD

Four years ago, we of the class of 1959 entered St. Mel High School as timid freshmen. Time has advanced, however, and now we stand at the end of our high school training and on the threshold of the world. As we think back over that four year interim, many joys and thrills, hopes and disappointments come to our minds. Most of all, though, we reflect upon the abundant knowledge received, not only in the classrooms, but in every aspect of school life. We can easily see the progress we have made since our introduction to St. Mel.

As we examine each facet of our high school career, we perceive a clear image. Each student sees the distinct doors he has opened during this time. Only now can we realize the ways by which these doors were opened — with the specially molded keys which lie in the possession of St. Mel High School. They are keys which open the doors to entirely new vistas of education — intellectual, spiritual, physical, and social.

Thus the Class of 1959 is proud to offer this memento to every St. Mel student, so that all may see the opportunities afforded them and may someday look back, as we do, on the doors which have been opened by "THE KEYS TO SUCCESS".

AD MULTOS ANNOS

Chicago — the largest Catholic archdiocese in the nation. This was the region left leaderless upon the death of the beloved Samuel Cardinal Stritch. In what was actually his bequest to the people of the archdiocese, Pius XII appointed Archbishop Gregory Meyer, formerly of Milwaukee, to fill the empty throne.

Archbishop Meyer has found a warm welcome in Chicago as he has so capably filled his pastoral duties. The high school students of Chicago have, especially, been singled out by the Archbishop and have reciprocated. It is for this reason that the Class of 1959 chooses to dedicate its yearbook to the reverend Archbishop. We hope that his reign among the people of Chicago will be long and prosperous. We are sure that, under Archbishop Meyer, the people and the archdiocese of Chicago will continue to flourish as they did under the late, great Cardinal Stritch.

THE KEY TO SUCCESS

The "Keys to Success" will be the best remembered part of St. Mel. When we graduates get together the conversation will always turn to the hours and incidents we have had with our teachers. The various methods they had of enforcing decorum on the indecorous, the boxes of chalk used to prove the Pythorean Theorem, and the weary grind of football practice could never be forgotten. The beloved faculty have given us many memories and many "keys" to use in later life. Here is a glance, then, at the faculty and at some of our meetings with them.

This year, on June 18, Monsignor Purcell will celebrate his silver jubilee, sixty years in the priesthood. He was ordained by Archbishop Feehan in Holy Name Cathedral in 1898. In 1905 he was named first rector of Quigley Preparatory Seminary. Monsignor continued to serve there until he was assigned to the pastorate of St. Mel Church twenty-eight years ago in 1931.

He has seen St. Mel grow into one of the largest and best-known institutions in the city. Through his beneficial and spiritual contributions he has made St. Mel High School an integral part of his charge, while himself becoming a revered and loved legend in his own time.

THE RT. REV. MSGR. FRANCIS A. PURCELL, D.D.

Now in his fifth year as director of St. Mel Brother Camillus is a popular and respected figure. This year he has been the rock around which the administrative changes have been made, and has carefully watched that our school continues its growth.

Brother has enjoyed a long and varied experience in education, the benefits of which we are now enjoying. Besides completing the work for his Baccalaureate at St. Mary's, he has also studied in Rome and in Canada, where he also taught for two years. In addition Brother Camillus has been a teacher and administrator at St. George and De La Salle.

We wish many more years at St. Mel for Brother Camillus, years which we are sure will be happy and complete both for him and the school.

BR. CAMILLUS F.S.C.... DIRECTOR

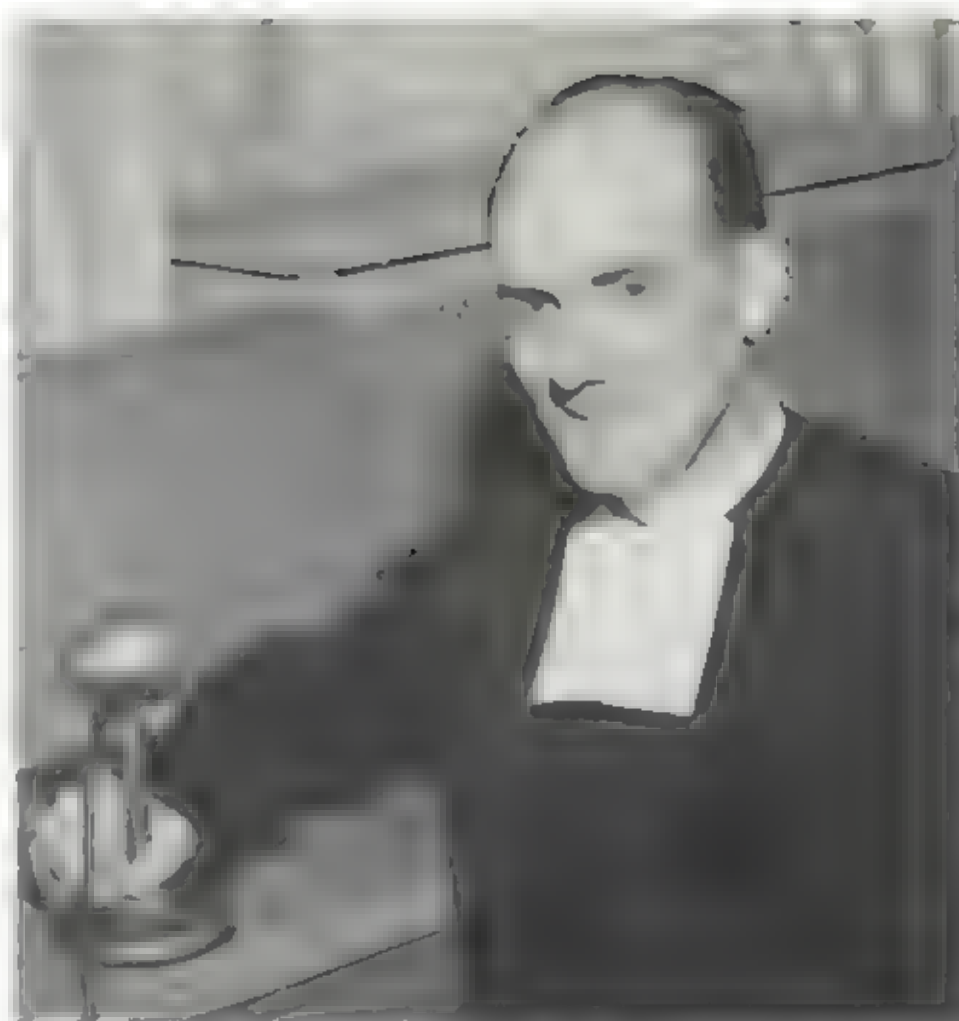

ACCORDING TO OUR PHILOSOPHY

the product of education should be the true Christian, a man who thinks, judges, and acts constantly and consistently in accordance with right reason illumined by the supernatural light of the example and teaching of Jesus Christ.

Abstract. The purpose of this paper is to study the asymptotic behavior of the solutions of the Cauchy problem for the wave equation in the case of a variable coefficient in the spatial part of the operator. The asymptotic behavior of the solutions is described in terms of the asymptotic expansion of the solutions of the corresponding homogeneous problem.

It is known that the Riemann hypothesis is equivalent to the following statement:

THE KEY TO SOCIAL LIFE

In order to develop the whole man, St. Mel has exerted every effort to give the Knight student a well organized activity schedule.

St. Mel offers each Knight the Key to Success in later life through each of the Schools activities. All he has to do is to turn the Key.

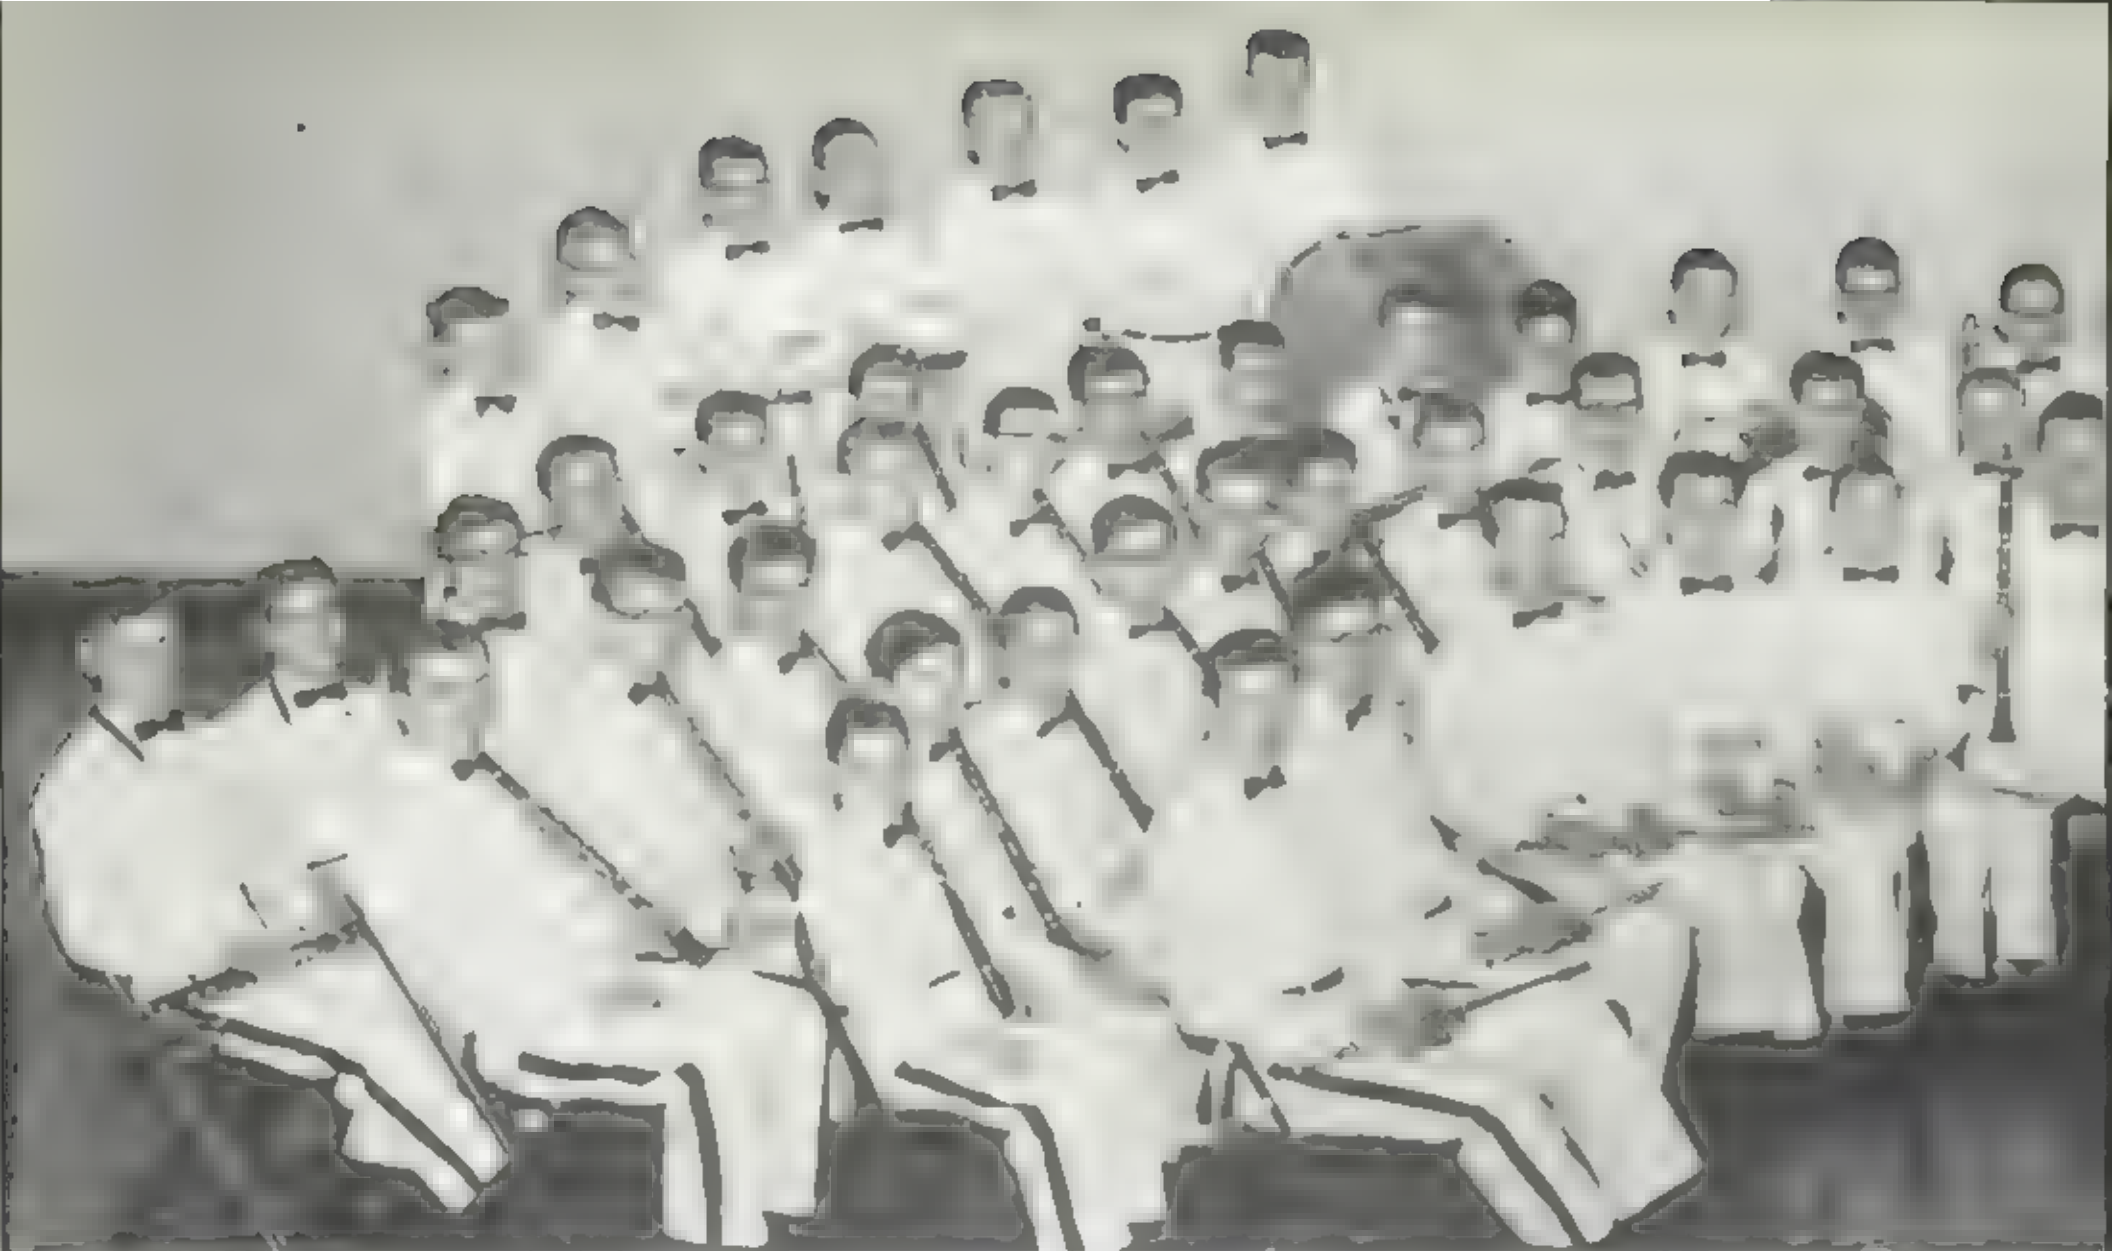

Musicians are eager to participate in the St. Mel Band, future actors seek the Mel-dramatic Club; prospective journalists, the Observer; and so on.

The development of the whole man includes the development of the Catholic soul in the man; here, too, ample opportunity is given the Knight through the many activities of Catholic Action.

No matter where his interest lies, the Knight will never regret becoming a participant in an activity.

These are but a few expressions of the arduous efforts of the St. Mel Band. Throughout the year they have thrilled many with their performances, while at the same time taking many honors for their superior achievements. Guided by its fine moderator, Brother H. George, ably assisted by Brother L. Christopher, our band under the most capable direction of Mr. Thomas Fabush and Mr. Ralph Meltzer, has grown and prospered. Innovations this year, including administration of the band by the members themselves, have given the St. Mel student body an organization with a reputation of which they can well be proud. Thank You — St. Mel Band!

THE RECORD OF THE YEAR'S WORK

A year of changes at St. Mel also has brought a new moderator to the Knight. Mr. John Beifuss.

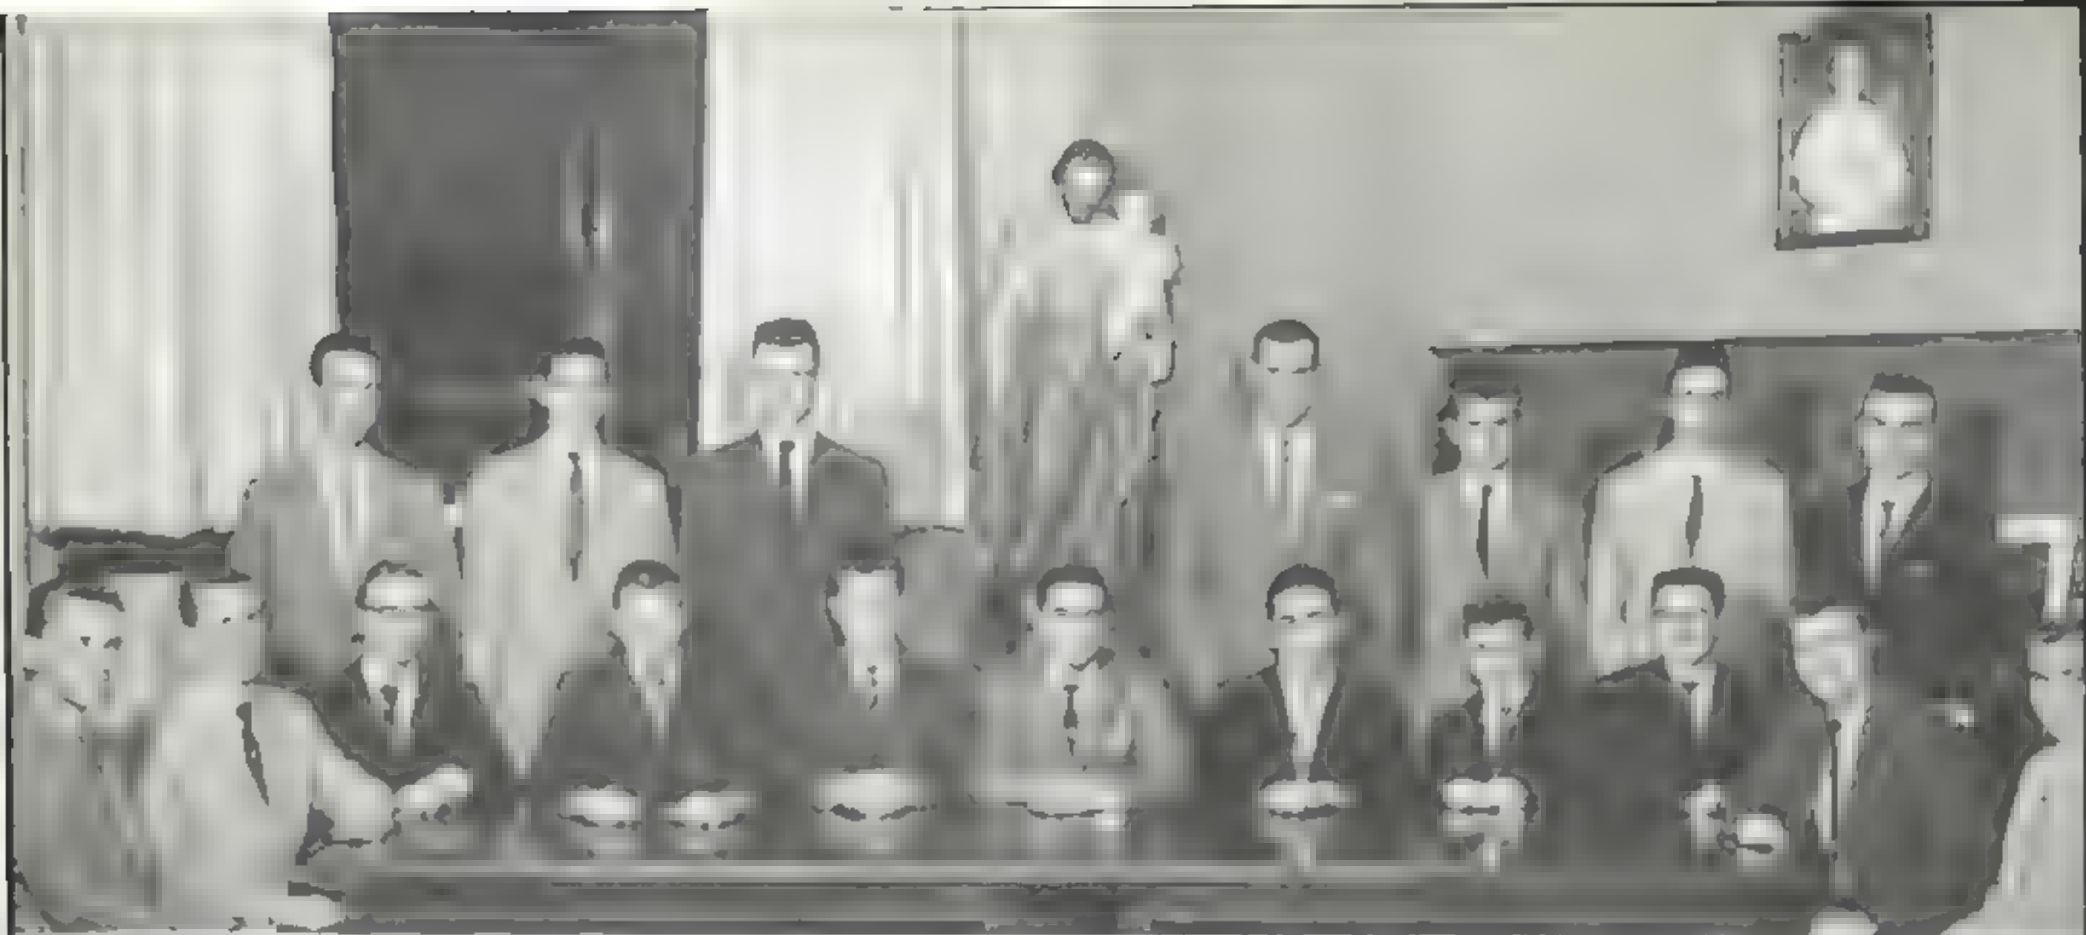

Under Editors Bob Rendak and Mike Flanagan the senior staff put together every bit of information that goes into the production of a yearbook and, using the theme that each phase of school life represents a key to success, has come up with a yearbook which is worthy of the title, "The Knight."

IT GIVES ME GREAT HONOR

Now familiar at the bus stops around St. Mel are orderly queues rather than mass hysteria. This is but one of the many accomplishments of the National Honor Society. This elite group of St. Mel Knights stands forth as an example of what good training and good will can do. Religion, Character, Leadership, Service; these distinguish the N.H.S. member.

Moderated by Mr. Connolly the members are justifiably proud of winning the close scrutiny passed by the faculty upon all candidates. The honor reflects on them that honor which they contributed to our school.

JUNIOR DEBATE

1. *Staphylococcus aureus* (S. aureus) is a Gram-positive, spherical bacterium that is commonly found on the skin and in the nose of humans and animals. It is a facultative anaerobe and can grow in a wide range of environments. S. aureus is a major cause of skin infections, such as abscesses, boils, and impetigo. It can also cause more serious infections, such as pneumonia, sepsis, and endocarditis. S. aureus is resistant to many antibiotics, including penicillin, tetracycline, and erythromycin.

SENIOR DEBATE

[illegible]

Due to the fine guidance of Brother William and Brother Conrad the Debate Club won two trophies for the school. The members have become very skilled at arguing and presenting logical proofs, but above all these men have learned both to speak well extemporaneously and to argue solidly.

TO ACCENT THE CHRISTIAN STUDENT

The Young Christian Student works in a quiet way. At the regular Monday afternoon meetings school, civic, and religious problems are discussed intelligently and openly with the aim of trying to solve some of them. The Senior group is under the leadership of Bro. Harold Bertram and the Juniors under Bro. Bernard. They make no earth-shaking conquests — this is not their goal — but continue always to work diligently on day-to-day problems.

The St. Michael's club has been actively involved under the banner of Mr. C. Kondratowicz. Starting with a shy new member speaking the St. Michael's word in every four years during the year-long experience and trophies. In the second session they made a big push, recruiting a number of freshmen and sophomores and a few of the older ones to make a very good special team for the future.

THE ART OF COMMUNICATION

Have you noticed that since the 1982 introduction of Waxes B and C, besides attaching waxes this unit also serves as the initiator of the Hup-C and C₁ of the new copolymerizations? At the same time, the Hup-C unit was found to be a bifunctional molecule. Besides 1-Ag₂2 and B-Dua 1-Joh 1, W. J. P. K. J. would be a good idea to have a good idea of the structure of the Hup-C.

THE BIG MEN WITH THE BIG M

For the first time in years the major letter winners of the school have joined together into the organization known as the Lettermen's Club. All major activities are represented in this group: football, basketball, band, debate and others. Heading this group as moderator is busy Brother Giles, with big plans ahead. One of their accomplishments this year was ushering and supervising order at all home basketball games. Probably their greatest achievement was sponsoring pep rallies long missing from the St. Mel scene. In their vitality our underclassmen have a beacon which will lead them to seek membership in the Lettermen's Club.

MELDRAMATIC CLUB

Encore! . . . Encore! the crowd roars as the curtain quickly closes on another season of outstanding dramatic achievement. The curtain time for the 1958-1959 season was November 27 at the Loyola Drama Festival. Our presentation of "Darkness at Noon" took many outstanding honors. But this was just the beginning. In February audiences thrilled to "The Miser" and its romantic laughter. "The Miser" was thought to be the finest of the year when suddenly the hallowed halls began echoing "Oklahoma!". And "Oklahoma!" it was. The Meldramatic Club outdid all other productions with the finest play in its long history. This was truly a dramatic season for St. Mel, one that students will remember. The encores are certainly deserved.

"DARKNESS AT NOON"... RUBASHOV!

This fall the Meldramatic Club presented a sketch of the purge trials against Stalin and his new government, "Darkness at Noon", at the Loyola Drama Festival, under the fine direction of Mr. Gerald Sullivan.

"Darkness" won a rating of "superior" when the members of the Meldramatic Club took home the following awards: Richard Ortiz - a gold medal; Jack Guercio - an alternate scholarship; and the chorus - a silver medal (unique in the Festival's history).

Congratulations are also due the behind-the-scenes members of the Club. They not only built the props and sets for the Meldramatic Club, but also for the other twenty-five participating schools.

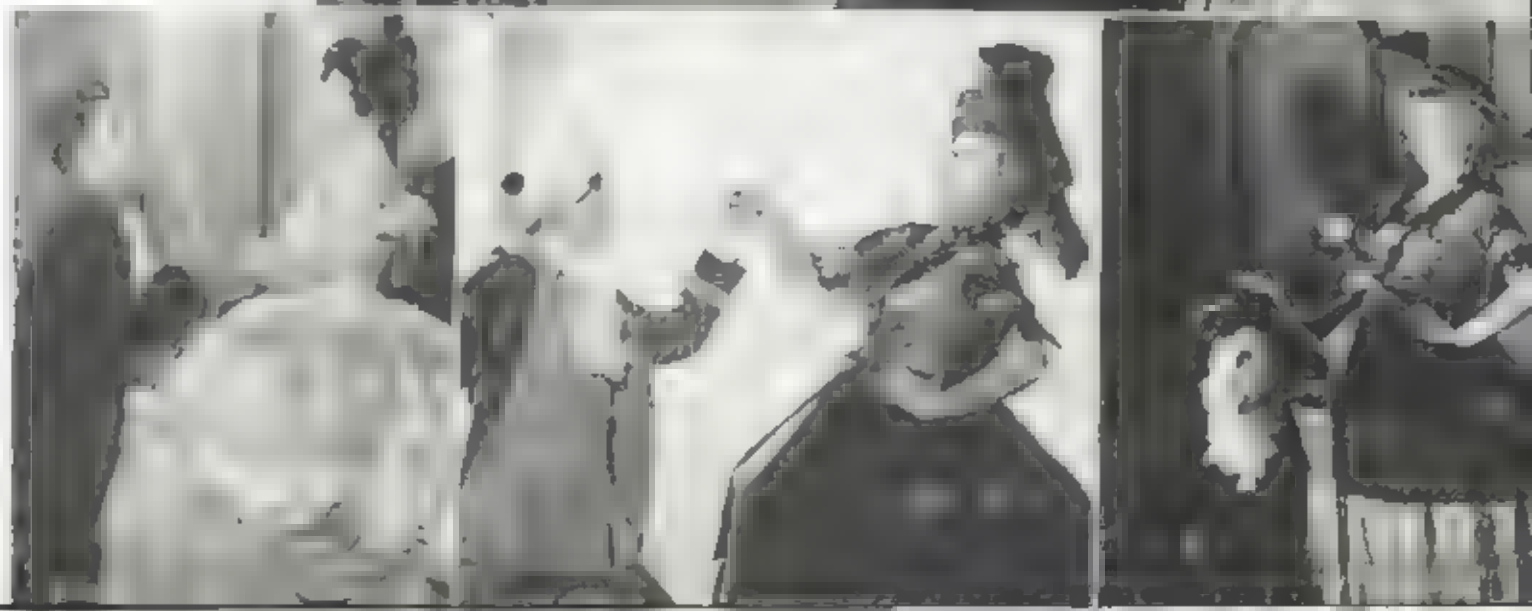

"THE MISER"... A SUCCESS!

The Melodramatic Club's first full-length production of the '50-'59 season was a hit. Under the supervision of Mr. Gerald Sullivan, the players drew a full house each evening of their two fine performances. Ben DeChastain, who played Magnificent, was the best in the play—naturally the "Miser."

Many thanks to the girls from Providence High who gave of their talents to make this show a hit. An excellent job was also turned in by the crews: the ornate costumes that all were given to wear enhanced the charm of the production as did the well-executed French setting. The remarkable range of our players was demonstrated in their witty performance of this French classic.

ACTIVITIES FOR THE WHOLE MAN

We have at St. Mel a happy mingling of outlets for the student's material and spiritual needs. The Benildus Club's concern is to foster vocations through praying and sponsoring talks for the Seniors. The moderator of this club is Brother L. Paul.

Something new has been added to the extra-curricular department of St. Mel — a Ham radio club, under the joint leadership of Brother L. John and Brother Augustine. Starting with seven members this year, they expect to grow next year in size and stature.

GOLDEN YEARS

Brother Lewis Philip, who for fifty fruitful years has dedicated his life to youth, was greeted this fall by his former pupils, who came back to reward and thank him. These men were joined in the celebration by the faculty of St. Mel, the priests of the parish, his friends and all his relatives.

In 1908 Brother L. Philip became a Christian Brother, and taught at the elementary school in Memphis. From there he travelled to New Mexico, Minneapolis, and Chicago. After teaching at several Chicago schools, he came to St. Mel in 1949.

Here he has served as a watchful and able director in the cafeteria; here too he celebrated this golden milestone. To him we offer humble thanks and hearty congratulations.

Joseph King receives, on behalf of his father, Thomas J. King, who was ill, the award for distinguished activity.

The thirty-ninth annual banquet of the St. Mel Alumni Association was held this year at the Conrad Hilton Hotel, honoring the Silver Anniversary Class of 1934. The alumni and faculty were honored by the distinguished presence of the Most Reverend Raymond Hillinger, auxiliary bishop of Chicago.

After the excellent banquet the witty toastmaster, John P. Carmichael, presided over the toasts and presentations. Honored as Melmen of the year were Thomas J. King ('22) for activity on behalf of school and alumni, Leo Simon, Jr. ('26) for being a credit to the school, and Pierce J. Fleming ('25) for personal achievement.

Other features were introduction of officers elect and an address by Bishop Hillinger.

RECORDS FALL LIKE AUTUMN LEAVES

697% ! A new record for the Harvest Party drive this year. Mr. Albano's homeroom, Junior 203, (pictured above and lower right) did the trick as a result of Superiore #3. With a school total of 325 — it is needless to say that the drive was a success.

So Mr. Albano's class was packed with pride and excitement. Potholes in the front of the West Ave. walk on the school grounds received the same amount of attention.

The success of the Harvest Party was in large part due to the generous support of the Father's and Friend's Club and the Mother's Club. This aid, both in preparation and in manning the booths, was unstinted and appreciated.

"AUTUMN TWILIGHT"

Crowd but comfortable
Queen and her court
That's my favorite song
A prize for higher things
Reverend with us

Following our football team's victory over St. Philip, the Alumni of St. Michael's Frated by receiving the trophy on the field.

Under the guidance of Brother Parsons, a group of seniors decorated the gymnasium with autumn leaves. Autumn Twilight, Barbara Matasick of Aurora was the perfect girl for the occasion. She was escorted to the dance and during the evening, Mattie Farmer, president of the senior class.

OUR HEARTS WERE YOUNG AND GAY

January 30 brought the "Sweetest of Swirls" through the courtesy of the Junior Council. Johnny Gorman, of this interest group, had the idea to provide the students in dancing in 1941. A real success the Junior dance provided a very happy night for all who attended in St. Valentine's Day.

ONE SCHOOL, ONE SPIRIT

This fall the Knights revived an old custom — spirited “pep rallies” before the major football games. For one of the few times when this is possible, the entire school — East and West Buildings — joined together and, under Senior president Murty Farmer, our united voices made Kildare “rock to” St. Mc Knights in March.

THE KEY TO THE FUTURE

After the graduating class of '59 leaves St. Mel, the duty of carrying the prestige and honor of their school will fall on the underclassmen. Here lies the potential of St. Mel. Our success in sports, scholarship, leadership, and morals lies hidden in their undeveloped talents. It is for these reasons that the Juniors, Sophomores, and Freshmen must prepare themselves for this all-important task. We are sure that they will uphold the glorious tradition of St. Mel High School, as have the previous graduating Classes.

With our underclassmen we leave the key to the school. Not only are they to uphold the morals of St. Mel, but also they are to use this key to open the door to success in later life. By doing this they will uphold the St. Mel tradition of turning out good, Catholic, and courteous Knights, as St. Mel has been doing for the past forty years.

Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair and views the screen through a mirror. The screen displays the target (a red dot) and the starting position (a green dot). The subject's hand is positioned at the starting position. The distance between the starting position and the target is 10 cm. The subject is instructed to move the hand to the target as quickly and accurately as possible. The screen is 100 cm high and 100 cm wide. The subject's hand is positioned at the starting position. The distance between the starting position and the target is 10 cm. The subject is instructed to move the hand to the target as quickly and accurately as possible. The screen is 100 cm high and 100 cm wide.

$\Gamma_{\mu} = \frac{1}{2}(\gamma_{\mu} + \gamma_5 \gamma_{\mu})$ and $\Gamma_5 = \frac{1}{2}(1 - \gamma_5)$ are the projection operators onto the right- and left-handed components of the fermion fields, respectively. The fermion fields are assumed to be massless. The gauge fields are assumed to be in the adjoint representation of the gauge group. The gauge coupling constant is denoted by g . The fermion fields are assumed to be in the fundamental representation of the gauge group. The fermion mass is denoted by m . The fermion fields are assumed to be in the fundamental representation of the gauge group. The fermion mass is denoted by m .

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is stable. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not stable. It is shown that the solutions of the system (1) are unbounded and tend to infinity as $t \rightarrow \infty$ if the matrix A is not stable.

by way of the following: In the case of a \mathbb{Z} -module M , the following are equivalent:

- (1) M is a free \mathbb{Z} -module.
- (2) M is a projective \mathbb{Z} -module.
- (3) M is a flat \mathbb{Z} -module.
- (4) M is a torsion-free \mathbb{Z} -module.

FRUITS OF EXCELLENCE

This year has been a great year for St. Mel. We received trophies for our outstanding work in Debate and Cross-Country. St. Mel has won several trophies in Debate and one Cross country trophy. All of our trophies this year were earned by the sweat of our brows.

Besides these permanent records of our victories, St. Mel gives awards to the student body. Throughout the year in both buildings the deserving receive awards for their excellent work in their chosen field.

Brother James commends R. Walsh (left) and A. O'Malley on the cross country championship.

Brother Conrad, E. Depukat, and G. Dodro presentation of University of Illinois trophy.

R. Rowder and D. Truhlar receive awards from Brother Camillus.

THE KEY TO ATHLETICS

One *KEY* to the completion of the education of any well-rounded man is sports.

Football, basketball, track, cross country, bowling, swimming — all do their share in rounding out the whole man.

Not only does participation in these activities benefit a man, but being a spectator also has its beneficial qualities. To be a fan requires great faith and support in and for the team. It has been said that one-third of a winning team is its following. Even though our teams have not always been victorious, they have never thrown in the towel. No matter how seemingly hopeless the situation or how far away from victory they were, these were determined men — men who realized the effort required and never stunted. We were proud of our teams and they well deserved it.

The *KEY* to a whole man's complete education
SPORTS — has done its job well and complemented the
education of a good many *MELENS*.

It was late August and the team had been out about two weeks. They were a spunky outfit, full of spirit and enthusiasm. They were untried in real competition but eager for their first encounter.

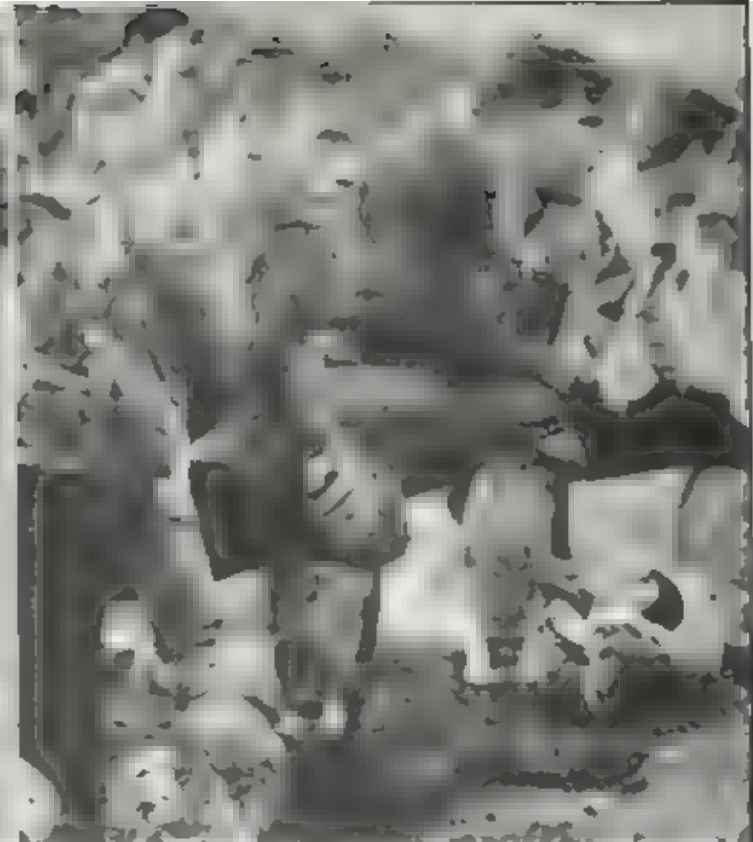

One often hears that a team has suffered from bad breaks, that the spirit it found was more valuable than victories. This at the risk of titchiness is true of ours. The team always tried its best and performed with sincerity.

This team gave Catholic Champion Fenwick their worst scare, they went to the last two minutes before bowing to playoff bound De La Salle, they pushed Fenwick all over the field for forty minutes only to lose on a long run. There would be understanding if it had not, if it did not, that it kept on, this was a greater cause for pride than even its success in the season's last game when led by Plesha and Tracy, Sladek and Brusca, it beat St. Philip 16-0.

Almost! D. Lungo is hauled down from the side.

Evidence of the grueling play against St Philip. R. Riley and W. Taraba watch the action while they take a short breather.

PUNTING AND PASSING THE PIGSKIN

Pete Brusca — guard, 5' 11" — Pete was Italy's answer to Bill George. He was voted the best defensive player by his teammates.

Russ Burns — 5' 8" halfback — Russ, a small tricky back, who really was outstanding in the junior-senior scrimmages.

Don Byrd — 5' 8" halfback — Donny was a rough, tough, steady utility man, who played halfback, fullback, and defense.

Dave Hora — 5' 10" end — Dave was a speedy end who made up for his lack of size with his consistent muscle.

Dorian Modjeski — 5' 10" tackle — Mo was a consistent lineman who was always ready to contribute his efforts to the team.

Larry McGrail — 5' 6" fullback — Larry was a tough, hard-running back and a devastating blocker.

Robert Plesha — 6' quarterback — Bob, co-captain, candidate for the Knute Rockne award, was a rangy passer and punter who liked to throw and sneak.

Robert Riley — 5' 10" guard — Riles, eighth man on the line, was the main stay of team spirit.

Frank Shuler — 6' tackle — Frank, co-captain, was a workhorse on offense and a mule on defense . . . steadily rough.

Wayne Taraba — 6' 3" tackle — Twain, a real mammoth tackle, liked to rush passers.

Stan Tokarz — 5' 9" guard — Stash specialized in the defensive guard position, always hard to run his hole.

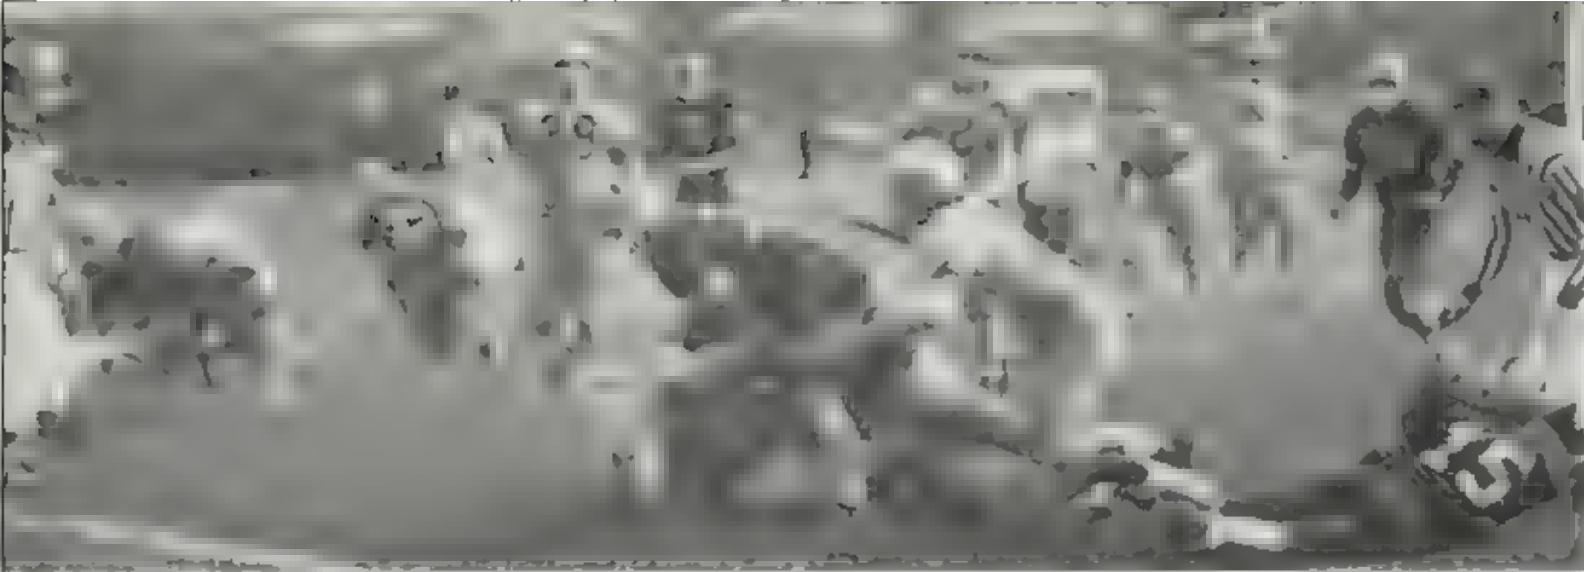

Dan Lung — 6' 1" end — Dan, though hindered by a wrist injury, was still a candidate for the Knute Rockne award.

George Vent — 5' 10" end — Cochise could not live up to the potential he showed because of a wrist injury, but was a valuable man when fit.

Def. St. Ignace for the crowd with a crowd of 1000 at the party.

The crowd of 1000 at the party, all eyes turned toward when the quarterback backs steps.

Uke! And the state drama explodes into a fury of action.

"Watch the man in the white cap" An anxious moment against St. Ignace.

YOUNG MEN WITH A FUTURE

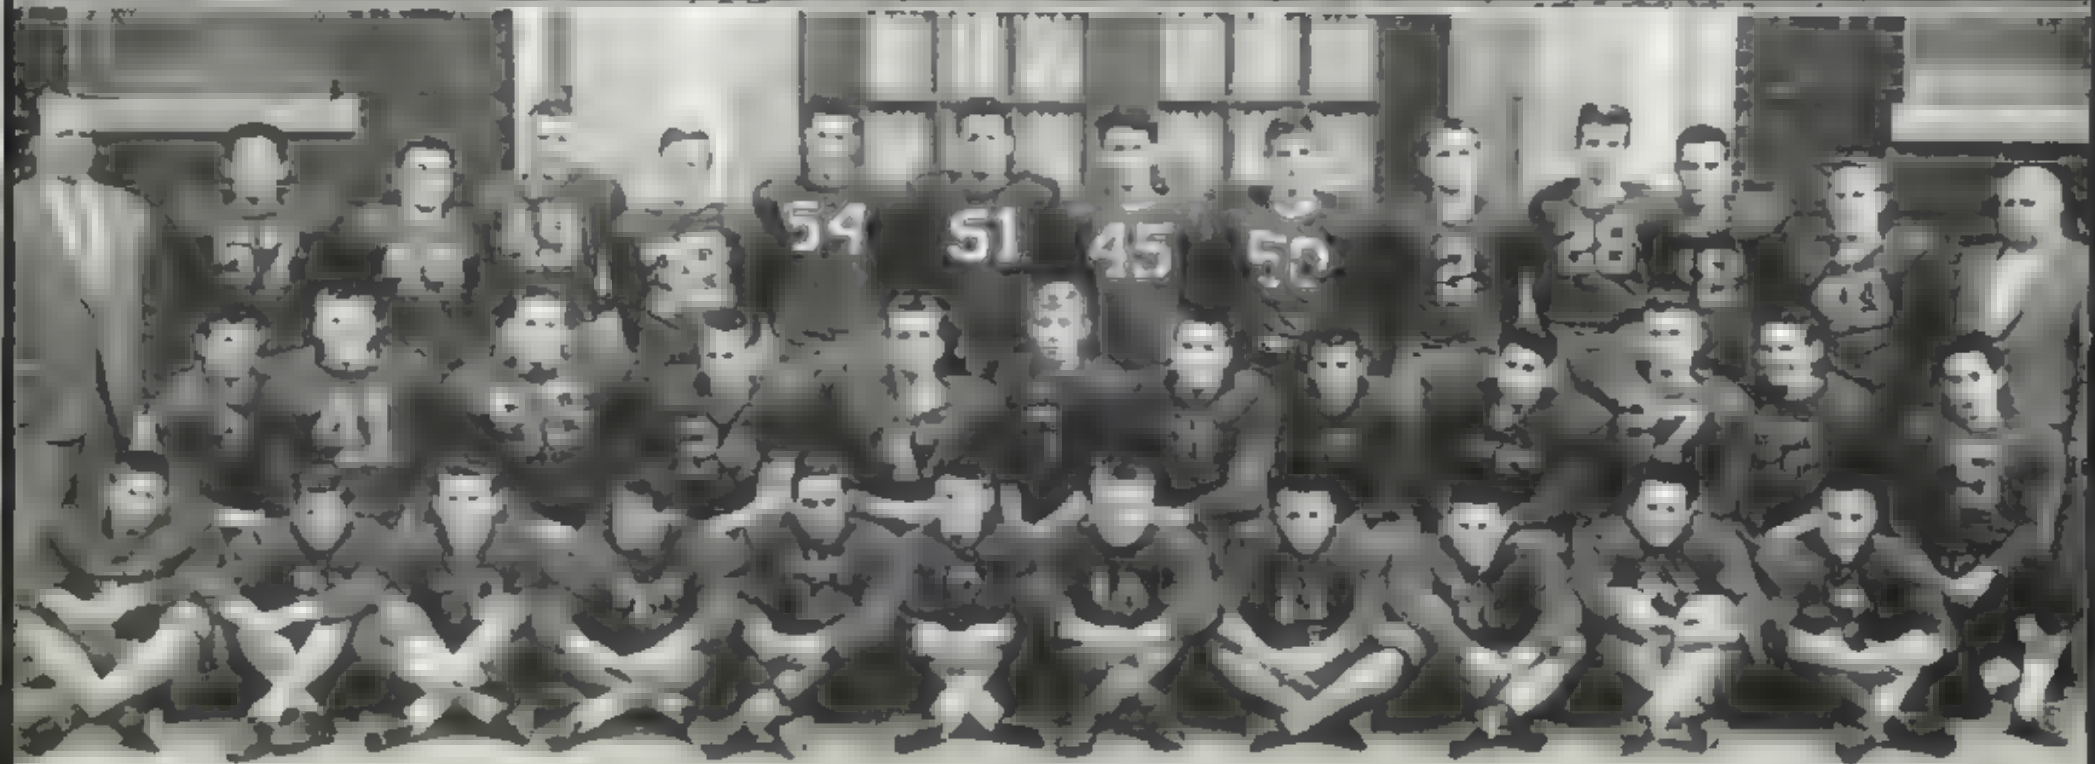

This year the Knights seemed really to have something in their junior teams. The Sophomores, coached by Mr. Cahill, beat De Paul, St. Patrick and St. Philip, tied Lane, and lost only to Fenwick. The Freshmen, under coaches Robert M. Alpin and Bernard Rumps, managed to defeat only St. Philip in four games, but displayed a number of players who promise to develop into excellent varsity players.

GO KNIGHTS! GO KNIGHTS! the chant echoed through the gym. It was a tense situation, one of many such situations during the season.

Although we did not wind up with a spectacular record this year, we did wind up with one of the most exciting seasons we ever had. A good example of this was our 55-54 loss to Fenwick, one of many heart breaks, which came on two freethrows after the game had ended.

All through the year the student body of ST. MEL witnessed this type of performance: what the team didn't show in the statistics, the fans saw them display in drive and determination.

The KNIGHTS senior squad was co-captained by aggressive Marty Farmer and high-scoring Jim Martin. Other seniors on the team were center Bob Druktanis, forward George Wysz, and forward Jim Stepps.

The juniors on the team were George Bochucinski, forward; Dick Glanz, center; Ron Lester, guard; Steve Malatek, forward; Vito Caroselli, guard; Harry McCann, forward, and Ed Skibv, forward.

CAPTAINING THE SENIORS

Jim Martin, Captain of the senior basketball team, led the team to a 19-7 record. Martin, Finner, Cooper, and Smith, all of the average George Washington players, led the team. Bob Drakianski, the senior, led the team. Steve Martin, the senior, played every minute of the game. George Smith, the senior, played every minute of the game.

COME ON TEAM, PUT IT IN!

Number four in the section! This was the standing of the St. Mel lightweight team at the end of the 1970-71 season.

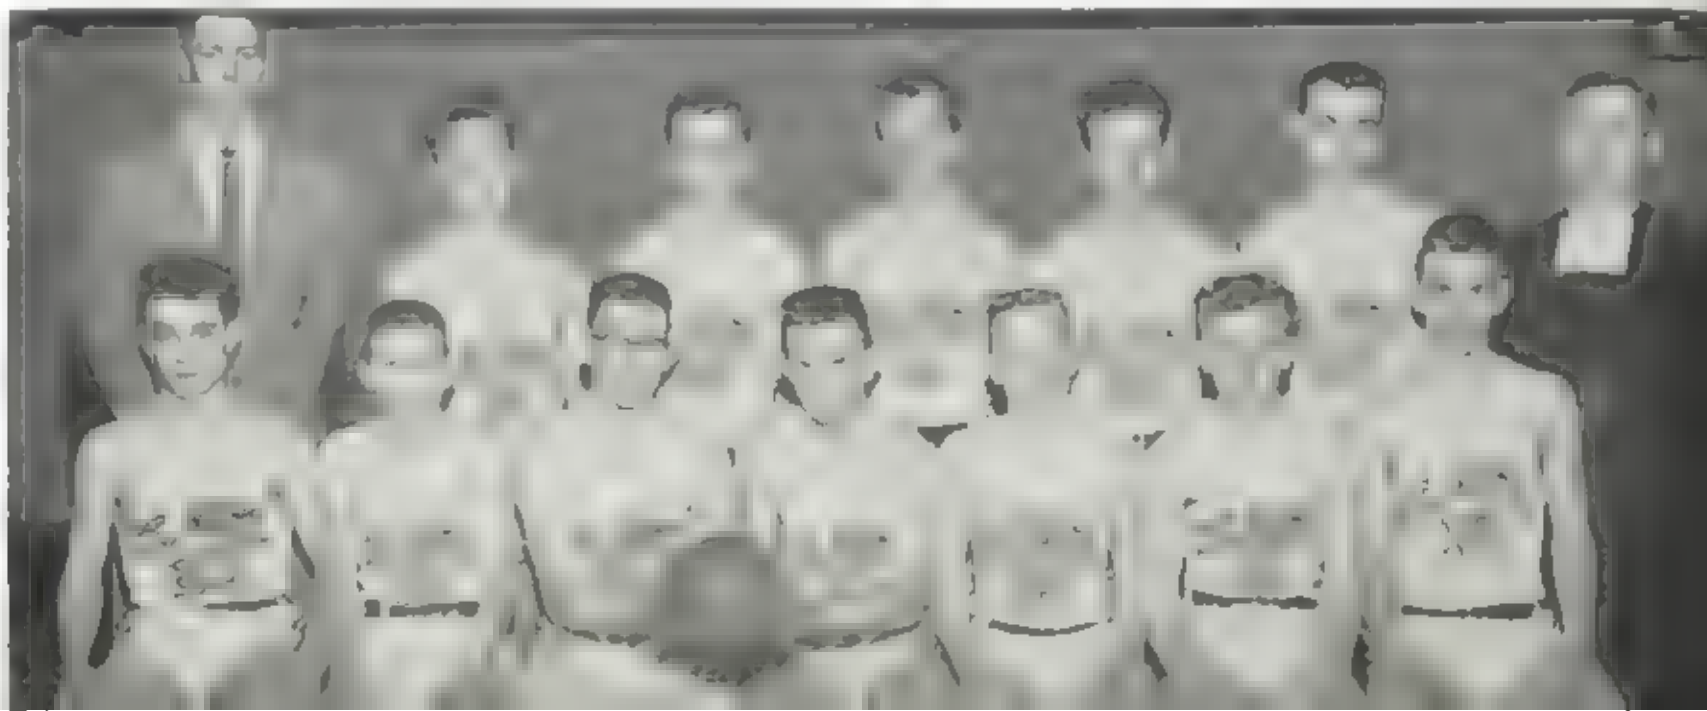

Under the tutelage of Coach Mr. Modde, the team had a very short season due to a shortage of experienced seniors. They fought their way to fourth place in the conference after finishing in last place the year before.

With only two seniors, John Kalkankas and Pat Crowley, most respect was paid to the juniors and sophomores on the team. Most of the junior players were Tom Dillik, Jim Zilla, Bob Borch, and Tony DiBaise.

The senior on the team was Bob Bilecha, a sophomore, who will be back for two more years, though he may grow into the juniors next year.

Other team members were S. Dillik, T. Andrews, G. Greene, D. Monroe, T. Prendergast, D. Schreiber, and T. Hawkins.

THE WAYS THE BALL BOUNCES

JUNIOR SUMMARY

Eric Crowley, Senior, strongman of the post. John Kulkauskas, Senior, very strong off the boards. Tim D'Amico, accurate from inside and outside, averaged 14.5 points a game. Bob Blom, fine defender, top scorer with 15.5 average. Joe Zelenka, trying forward, good from corners, averaged 11 points. Tim D'Amico, junior guard, ace off the line and the pass maker.

Joe Martin keeps ball well protected as he swings it for his favorite hook shot.

The Bantam players of today will be the champions of tomorrow. Since the players were handicapped by a lack of experience they did not attain the same level of success — even though they put their best into every game. They did, however, gain vital experience under the coaching of Mr. Cahill and from such men as T. Crowley, E. Sbertoli, and J. De Castris will come the “A” team of the future.

The Senior team has turned in its best results of the past three years. This was mainly because of the excellent work of the Senior team. The team has been out for the last year.

The Juniors were the backbone of the team and top runners in the final city meet as in practice meets. Because of this and the experienced runners from the Junior team, next year should mean the city trophy for the Senior team.

OF MELMEN AND MERMEN

Dive - Dive — no it isn't the Navy's Silent Service but only the motto of the St. Mel Swimming Team. Mr. Bowler, the moderator, has always encouraged more of the boys to join, and the team has grown conspicuously. With a feeling of school spirit and enjoyment the team has a terrific time every week at Keymen's Club. Here they can refresh themselves in spring and fall and defy the weather.

STEPPING HIGH FOR THE SCHOOL

The St. Mel track teams this spring hope to duplicate the success of the fall's cross country squad. Already the relay team has gained a berth in the *Daily News* Relays. The Senior team is led by D. Carollo and G. Kriz in track and J. Rys in field. The Junior runners are headed by R. Walsh, D. Moeller, and P. Wavak.

THE KEY TO THE WORLD

ated by the discovery of departmental roller skating. he first trip to the Biology Lab. the lay closed retreat, the anticipation of Life in Junior year. He eagerly awaiting for the Senior Prom, the pride and the joy of at the varsity games, the thrill of meeting new friends. all these are experienced by a high school student during his four years at St. Mel. Now he realizes that this will be no more. A phase in his career is coming to a close with his high school. Far what sights, faces, events, and duties will no longer be. The realization of graduation on the horizon. He will no longer be a high school boy but will now move out into the world and...

able to enter the outside world without some preparation. Here at St. Mel, you need not worry. He has been equipped with the means of entrance to the KEY TO LEADERSHIP.

This key differs from the other previously mentioned keys in that it is a combination of all of them. The true Keyholder is well prepared for this in every way. And the services of the school have not been forgotten. With this key in his possession, he can walk from St. Mel with head held high.

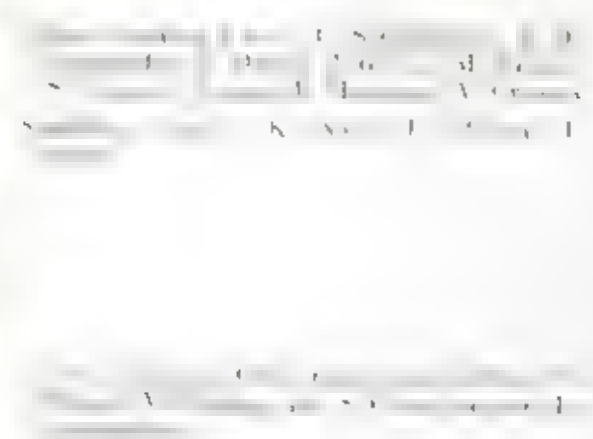

Of course, this key is not material, it is not made of any substance which is tangible or recognizable. Rather it is carried in the soul of each student. Each one knows to what extent he may use it.

When we shed our caps and gowns, we will not have shed St. Mel completely. He will ever be with us, whether in further schooling, the Armed Forces, or the working world. This is because, in all of the aid or learning we have been given throughout the years at St. Mel is the essence of the KEY TO LEADERSHIP—the sign of the perfectly molded young man.

With this Key and we, the Class of 1940, will be able to enter any door we choose. It will be of the simplest matter for we carry always THE KEY TO LEADERSHIP.

STUDENT GOVERNMENT—CLASS OF 1959

Under the leadership of the Senior Council St. Mel has graduated into the class of the constitutionally governed. This Constitution was drawn up by the Council, aided by its moderator, Brother Giles. This fine document will lead the way for the coming classes in their quest for student government.

The Council's officers — President Martin Farmer, Vice-President Sal Girone, Secretary Peter Brusca, Treasurer Kenneth Nails, and Sergeant-at-Arms Thomas Horan have done an excellent job and can be proud of it.
